Experience

U.S. Corrugated / Custom Theme Development

<http://uscorr.com>

04/2016 - 04/2017

- Developed a custom theme with the Genesis Framework, based on a pre-existing site design.
- Designed and developed custom page templates and layouts, banners, plugin skins, and icons.
- Optimized site for security, mobile responsiveness, accessibility, and fast content delivery.
- Implemented SEO and Google Analytics, as well as performance and uptime monitoring and statistics.

Five Pillars Yoga / Redesign and Custom Development

<http://fivepillarsyoga.com>

07/2015 - Present

- Created a visually crisp & engaging front page design, allowing the yoga studio to easily highlight their upcoming events, promotions & featured content.
- Designed and developed custom page templates featuring the studio's teachers, press coverage, special trainings, and workshops.
- Customized skins for Email Campaign, Contact Form, and Schedule plugins and widgets.
- Optimized mobile presentation, utilizing Bootstrap framework.
- Implemented Facebook Pixel & email campaign analytics.
